Analysis of Donations Received by Karnataka's Major Political Parties – An All India Report

Political parties rely heavily on donations for fighting elections and running their daily affairs. They receive huge sums of money in the form of donations and contributions from corporate, trusts and individuals.

Section 29C of the Representation of People Act, 1951 says that political parties are required to submit contribution details received in excess of Rs 20,000 from any person or a company. Named contributions seem to be very small i.e. single contributions above Rs 20,000 seem to be very few in numbers for all the parties.

In addition to this, the coupon system has been adopted by political parties for collecting funds by issuing of coupons in lieu of receipts to donors for cash contributions. Moreover, these are cash donations and it becomes all the more difficult to establish the identity of the donor. This implies that a lot of cash donations received remain unaccounted for in the books of accounts as only those amounts would be recorded for which a receipt has been issued.

Thus, it becomes all the more important to have a strict regulatory mechanism wherein political parties have to report the correct quantum and the source of donations received.
